From this menu there is a list of all upcoming visits for college and career representatives. If you know of a particular visit, you can type a name in the search. On the right-side column under "actions" you can choose "view" or "attend".

If you click "view", a pop-up will appear that has more information about the visit. You can choose to attend at this screen as well. You will see a checkmark under the attending column after clicking "attend". The morning of the event you will receive a pass to come to the event.
