**FINAL THOUGHTS**

# **END OF YEAR**

## **DECLARE YOUR PATH PROJECT**

Continue to talk with your student about future plans, as junior year is the year of exploration & preparation; with senior year as the year of action (i.e., applying for college, finalizing plans with military, applying for trades & jobs, locking in gap year plans, & applying for scholarships).

To help your student get ready for all the fun junior year brings, I will be surveying them for current pathway plans (college, career, military, etc including any specifics they may know at this time).
