Post-Secondary Planning

** If your student plans to live on campus next year, be sure to note housing application and deposit deadlines.

** As students finalize their post-secondary plans, we will be highlighting their decisions via a bulletin board in the Counseling hallway, as well as recognition on National Decision Day, May 1. Please be sure your student shares their decision with me so that I can recognize their achievement.

** Students planning to attend JALC have been invited to participate in a brand new program called The Bridge Program. This grant funded initiative is designed to help ease the transition from high school to college. Students that participate will receive free tuition and fees during the summer for the required orientation class, as well as a Chrome book to keep and other potential incentives. JALC Staff will be here this Friday, January 27 to meet with interested students and assist with the JALC application process. They will continue to visit periodically across the semester to assist with transition related tasks.
