Student Activities

Extra-curricular offerings have always been an integral part of Carbondale Community High School's culture. There are numerous opportunities for students to get involved beyond the classroom. Many of our clubs have a deep rooted history at CCHS which continue to develop and grow. Other clubs have been formed more recently to meet the needs and interests of today's students.

CCHS is fortunate that the community, administration, and Board of Education foster Student Activities. Our clubs and groups revolve around interscholastic competition, peer support, social service, political activism, issue awareness and social/emotional enrichment.

Behind each club and organization are dedicated faculty and staff members who want to provide our students with experiences outside of the day to day classroom setting. Students are given the opportunity to lead their peers and work together to complete fundraisers, programs, workshops, and meetings. Sponsors are there to guide the students throughout these activities and events. It is because of these dedicated adults that our programs are so successful.

Extra-curricular offerings and organizations are listed on the following pages with the names of the CCHS sponsors. Logistical information regarding each club and organization may be obtained from the sponsor, or at the Activities Fair held on August 24th before school and during lunch. All clubs will have tables set up near the Principal's Office with displays and sign up information for the upcoming school year.

Check out the many clubs and organizations and find ones that interest you. If you have any questions, please feel free to stop by my office in J119/121 or send me an email at brandi.jones@cchs165.com. I am happy to help students get involved!

Clubs and Organizations

Extra-Curricular Information from the CCHS Handbook

Clubs, Organizations, and Activities

CCHS has a broad offering of clubs, organization, and activities. Obviously, we try to cover the needs and desires of our student body with such groups. A student who would like to form a new club can do so by enlisting the interest of other students, securing a faculty sponsor, and approval from the building principal.

Academic Requirements for Participation in Co-Curricular Activities

In order for a student to be eligible to participate in any school-sponsored or school supported athletic or co-curricular activity, he/she shall be passing at least twenty (20) credit hours of high school work per week. Twenty (21) credit hours is the equivalent of five—full credit classes. Unless they are entering high school for the first time, students shall have also passed and received credit toward graduation for twenty (21) credit hours of high school work for the entire previous semester to be eligible at all during the ensuing semester. All un-graded, school-sponsored or school supported co-curricular activities are subject to these requirements. In addition, students who are engaged in IHSA competition are also subject to these same requirements. These programs are listed below: Clubs, organizations and activities that compete in IHSA competition must fulfill the guidelines outlined in the IHSA student-extracurricular handbooks and sign the Terrier Creed.

Terrier Creed

I desire to become a member of the Carbondale Community High School Extra Curricular/Athletic Program(s). I am sincerely interested in contributing my best to the success of the program. I am privileged to be a part of the successful organization that will offer me an opportunity to become a better competitor; that will instill traits that will make me a better citizen. I hereby agree to conduct myself according to the regulations as outlined in the Student-Athlete Handbook. I understand that, if I do not live up to the agreement as outlined in the Handbook, I am willing to be removed from the program according to the procedures included.

ACCEPTANCE OF CONDITIONS OF EXTRA-CURRICULAR/ATHLETICS POLICIES

I herein agree to conduct myself according to the policies which I have read and understand. I realize that, in case I do not live up to the policies, I am willing to be removed from the program.

Dances

Informal dances are held through the year. Most dances end no later than 11:00 p.m. This gives parents an idea of the approximate time to pick up students or when to expect them home. Students should leave the building promptly at the conclusion of the dance. Formal dances include Homecoming in the fall and the Junior-Senior Prom in the spring. Attendance at dances is restricted to CCHS students only with the exception of Homecoming and Prom. Students must get prior approval in order to bring non-CCHS students to those events. Only juniors and seniors and their dates may attend prom. Students who qualify for the Homecoming, Prom, or any other school sponsored dance court must be in good standing.

Extra-Curricular

It is expected that all members of all extra-curricular activities be good citizens about school and in the community. While the opportunity for participation in extra-curricular activities is a vital part of the students' educational experiences, such participation is a privilege that carries with it responsibilities to the school, to the activity, to the community, and to the students themselves. Any violation of the rules in this handbook or in the CCHS Athletic/Student Activities Handbook by any student who is a participant in any IHSA sponsored extracurricular

activity shall be subject to the logical consequences up to and including the denial of these privileges as noted in either handbook.

Intramural Activities – Director, Krystal Emrick

CCHS periodically sponsors informal athletic events and other activities. These are intended to provide an opportunity for students to participate in safe, supervised, casual competitions. Intramural activities allow students to learn the dynamics of teamwork, leadership, and cooperation in a non-threatening, health-conscious setting. All regular school rules are in effect during these events.

Fundraising

Any CCHS group wishing to do a fundraiser must fill out the appropriate forms and submit them at least two weeks in advance of the projected start date to the Student Activities Director. Forms may be obtained from the Student Activities Director. All fundraising projects must have the approval of the Student Activities Director.

Student Elected Positions

Any student who holds an elected position and who transfers from CCHS forfeits the right to that elected office, honor, or title. The position, and its attendance rights, duties, and responsibilities will be assumed by the next person in line or the runner up.
